## **The Final Mineral Update of 2012!**

Update #7 from the Denver Show is stocked and ready for online browsing. This will be the final update of the website for 2012 and I made certain the update was filled with as many items as I could squeeze into a single room. I think there was more than two dozen fine specimens at last count, including some incredible Fluorites, lots of crystalline Gold, a very rare Silver on Amethyst from Creede, Colorado, a superb Malachite ps Chalcopyrite from the El Cobre Mine in Mexico, gemmy green Sphalerite, Sulfur from Michigan, fine Rhodochrosite and Covellite from Butte, Montana, Blue cap Aquamarine, Cobaltoan Pink Smithsonite and Wulfenite from Tsumeb, Precious Opal from South Australia, Green Fluorite on Quartz from Silverton, Colorado, Brazilianite with Quartz, and on and on the list goes. Beautiful minerals at reasonable prices!
