Mineral of the Month Club February 2013

February, 2013

Dear David A.,

Hello:

Our Featured Mineral of the Month for February is vanadinite from the classic locality at the Mibladen district in Morocco.

We have six wonderful minerals from Peru, Democratic Republic of Congo, Mexico, Madagascar, Brazil, and the United States that are radically different in crystal forms and colors. You are sure to find a treasure to add to your collection.
