Welcome to Wrights Rock Shop

I updated Under 50 Gallery 2 with rubellite in quartz, fulgarite, mimetite, diopase, amethyst, diopase, brochantite, cobaltoan calcite, elbaite, epidote, celestite with sulphur, calcite, fluorite with galena and others on 2/1/13.

Please mention that you are a member of Wright's Mineral News for your 10% discount.

I purchase several specimens from the Luiz Menezes that I will be posting later.

Also, I purchase the "best" linarite ever found in Greece and other interesting specimens in the near future.
