New specimens have been added to the regular website galleries. A fine French bournonite, Chinese azurite, gorgeous green adamite from Mexico, rhodochrosite from Peru, large fine chlorargyrite from Australia, etc.

This is also a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * **beautiful emerald on calcite from Colombia**
- * **excellent carrollite from Congo**
- * **choice benitoite/neptunite combination from California**
- * **showy green diopside from Tsumeb**
- * **several rare and unusual species**
- * **fine demantoid from Namibia**
- * **large fine tetrahedrite from Sweet Home Mine, Colorado**
- * **large showy blue fluorite/quartz from New Mexico**
- * **neat siderite/calcite combination from Russia**
- * **Plus many, many others ...**

As always, we welcome your comments and suggestions.
