We have updated the regular galleries with a small selection of items on sale at discounts up to 50% and 60% off the listed prices. Look for a major update of new material later this week.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * **showy large kunzite crystal**
- * **fine matrix siderite from Quebec**
- * **large showy matrix pyrite specimen from Spain**
- * **pretty fluorite large matrix piece from Naica, Mexico**
- * **neat aesthetic large branching crystallized native copper from Michigan**
- * **numerous rare and unusual species**
- * **showy rhodochrosite from China**
- * **pretty large fluorite from Weardale, England**
- * **Plus many, many others ...**

As always, we welcome your comments and suggestions.
