We have added 64 new specimens to the regular website galleries. Specimens in all size and price ranges. The update includes an outstanding Galena, Illinois galena specimen, numerous fine and attractive Ojuela Mine specimens, fine classics from a recently acquired collection, etc.

This is also a reminder that the auction will close this evening at 7 pm eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * **showy fluorite from Namibia**
- * **sparkling green diopside from Tsumeb**
- * **many fine quartz specimens**
- * **several varied garnet specimens**
- * **an outstanding large magnetite specimen from Bolivia**
- * **fine large matrix gypsum from Spain**
- * **good spessartine/smoky quartz combination**
- * **large showy blue barite from Romania**
- * **good chalcopyrite from New Mexico**
- * **showy Laguna Agate**
- * **Plus many, many others ...**

As always, we welcome your comments and suggestions.

**Weinrich Minerals, Inc.
