We have updated the regular website galleries with new specimens. All size and price ranges are included.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * nice wire silver on calcite from Kongsberg
- * large wulfenite from Arizona
- * excellent matrix cassiterite from China
- * very large terminated fluorapatite from Canada
- * choice crystallized gold from California
- * rare spangolite from Milpillas Mine, Mexico
- * neat large mottramite from Arizona
- * showy calcite/sphalerite from Tennessee
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
