Subject: New Excalibur Mineral List
Attachments: 21306.pdf

Greetings Everyone,

As the holiday season approaches, we offer our final list for 2013 in the attached PDF document. There are several new species, many old classics, a few oddities and our usual assortment of interesting specimens. All are offered on a first-come, first-served basis, F.O.B. our warehouse.

We continue to set up our new showroom and warehouse facility here in Charlottesville, Virginia, so if you are in passing through the area, plan to visit. The shop is located on busy Route 29 (North) at Woodbrook Drive, and we are typically open Monday-Friday, 9:00AM to 4:30 PM.

We will be closed December 21 through January 2, so order early to avoid the annual holiday mail crush that rapidly approaches!

Happy Holidays

Tony Nikischer
