The MINERAL SALE Season is Here!

The biggest sale of the year - the Pre-Denver Mineral Sale is about to begin and it all gets started with a huge Mineral Auction which may be the most exciting auction of the entire year! This auction is filled with some of the rarest, most unique mineral specimens from the Tucson Show, many of which I've never seen before! Incredible pieces like a Chalcocite with wires of Native Gold from Musina, South Africa; wire Silver on Acanthite from Bolivia; a huge Wulfenite crystal (8.9 cm!) from the Glove Mine; and a gemmy triple Beryl crystal cluster from Brazil are featured in this auction!

The highest bids on closing night will be the winners so please email your best offers! All suggested reserves are way below the retail values so this is your chance to take home a high quality specimen at a very low price!
