Celestial Earth Minerals & Mineral of the Month Club

January Monthly Offerings

Hello:

Please be patient with us as we continue to work out the kinks in presenting the monthly offerings to you through our website. In the meantime this is what we have come up with for as of right now:

For Smoky Quartz from Amanda Adkins click on the link below:

https://celestialearthminerals.com/page/3/?s=smokey+quartz&product_cat&post_type=product

For the featured mineral Cuprite on Copper click on the link below:

https://celestialearthminerals.com/?s=cuprite&product_cat=&post_type=product

If you have any questions or need any further assistance during this transition, please feel free to call Christine or Lora at the office phone #800-941-5594 or #718-397-0290.

This month we have a sweet little specimen that Lora and Christine picked up at this year's Tucson Gem & Mineral Show, cuprite on copper from the Carissa Pit in the Battle Mountain Mining District of north-central Nevada.

A reminder: You can also purchase the featured mineral in larger sizes that will be found on our website, www.celestialearthminerals.com under Featured Minerals.

This month is the first month that we will be posting the offerings and featured mineral on the website and due to "technical difficulties" we will be posting them by the end of the week next week. Accept our apologies for this delay.

Wishing You all a Happy and a Healthy New Year!
