# WEINRICH MINERALS

I have added well over 100 new specimens to the website. Some very nice fluorite and associated specimens from southern Illinois, also the first part of a small collection of Michigan silver and copper specimens. You can view these directly by [clicking here](#).

Denver is coming! See me there only at the Merchandise Mart, J-aisle, on Sept 14 - 16. I have a great selection of specimens this year, including a superb set of Irish fluorite specimens collected in May. See my [instagram page](#) for a video of these. Also have great specimens from the Sussman collection, Wadleigh collection, etc.

Follow us on Facebook and Instagram for special offers!
