Bolivian Bournonites

I've posted lots of new website content with this update and the Tucson Report.

I've added exquisite new specimens in the [Bolivian Bournonite Update \(click here\)](#). These bournonite crystals are from the recent find at the Viboras Mine, Machacamarcá District, Potosí, Bolivia. They are sharp, lustrous crystals exhibiting classic "cogwheel" twinning.

Tucson 2020

Finally! It's taken a while, but I've posted my [Tucson 2020 report \(click here\)](#). Hard to

believe how much the world has changed in these past weeks, which bring home just how
