New from Brazil

I've added excellent specimens in this new [Brazil Update \(click here\)](#). These include fantastic spessartine crystals (one from a remarkable locality and two from the 2003 Navegadora Mine pocket), a beautiful blue topaz, a gorgeous fluorapatite from the June 2007 Sapó Mine find, great hematite roses, rose quartz crystals, reticulated rutile, tourmalines and more.

Hope you enjoy the update!

Canadian Dollar

The currency disparity is significant in favour of the U.S. dollar these days. My usual reminder - prices on the website are in Canadian dollars (if you are thinking in - or used to

browsing online minerals in - US dollar terms).
