Subject: Mineral update: The Best Minerals of the Holidays

New Minerals Posted at John Betts - Fine Minerals

New minerals were posted to John Betts - Fine Minerals moments ago.

Presenting:

THE BEST MINERALS OF THE HOLIDAYS

It is very apparent that during the Thanksgiving-Christmas-New Year's holiday period many people were traveling or otherwise distracted (judging from the Out Of Office replies). At the same time I was posting some quality minerals to my site.

Many noteworthy minerals were overlooked.

So today I posted the best minerals from recent weeks. All are available. All are worthy of a closer look. These are the best, most noteworthy of the minerals posted during the holidays.

HIGHLIGHTS OF POSTED ITEMS THIS WEEK:

- Diamond from Almazy Anabara Mine, Russia
- Pyrite from Mina Ampliación a Victoria, Navajún, Spain
- Brazilianite from Linópolis, Divino das Laranjeiras, Brazil
- Fluorite from Riemvasmaak, South Africa
- Dioptase from Reneville, Republic of Congo
- Bournonite from Yaogangxian Mine, China
- Liddico(Y)6.64888(a)-1.8831141.8832(i)-5.70797(t)4.75039(e)-1.8942(S)6.64839(S)-4.73649(o)9 (o)-1.84

- Fluorite (zoned crystal) from Cave-in-Rock District, Illinois
- Barite from Magma Mine, Arizona
- Manganite on Quartz from Caland Mine, Atikokan, Canada
- Epidote-Clinzoisite from Tormiq area, northwest of Skardu, Pakistan
- Andradite var. Demantoid Garnet from Antetezambato, Madagascar
- Elbaite var. Rubellite Tourmaline from Alto Ligonha District, Mozambique
- Azurite partially altered to Malachite pseudomorphs from Milpillas Mine, Mexico
- Fluorite over Quartz from Huanggang Mine, No. 6 Shaft, China
- Vanadinite on Barite from Mibladen, Haute Moulouya Basin, Morocco
- Axinite-(Fe), formerly known as Ferro-axinite from Borosilikatnoye Dalnegorsk, Russia
- Ferberite from Yaogangxian Mine, China
- Calcite over Colemanite from Kramer Deposit, Boron, California
- Fluorite over Quartz from De'an Mine, Wushan, China
- Azurite from Milpillas Mine, Mexico
- Riebeckite from Quincy, Massachusetts
- Wulfenite coated with Quartz from Jianshan Mine, Kuruktag Mountains, 300 km southeast of Ürümqi, China
- Cuprite from Milpillas Mine, Mexico
- Fluorite on Quartz from Ajanta, India

PLUS MANY MORE TOO NUMEROUS TO MENTION...
