New from the Pete Richards Collection

I've added great specimens from the Pete Richards collection, from localities around the US, including Keweenaw Peninsula copper, New York hematites, Michigan datolite, Arizona cyanotrichite, Franklin willemite, Colorado covellite, Georgia barite, an amazing awaruite, and more ([click here](#))

For ease of reference, today's update is in its own section (at the above link), and all of the currently available Pete Richards collection specimens are [here](#).

Hope you enjoy the update!

Canadian Dollar

The currency disparity is significant in favour of the U.S. dollar these days. My usual reminder - prices on the website are in Canadian dollars (if you are thinking in - or used to browsing online minerals in - US dollar terms).

If you are receiving this email in any format in which the above link does not work, the addresses are:
