Mineral Photo Archive Updated at John Betts - Fine Minerals

Today my archive of mineral photographs, my Online Mineral Museum, was updated to include all minerals sold through the end on 2022.

There are now 181,150 photographs of 61,133 mineral specimens searchable by mineral and location.

If you have not discovered my Mineral Museum, a good page to start is:

[Mineral Museum Photo Archive](http://www.johnbetts-fineminerals.com/museum.htm)

Or paste this URL into your browser

<http://www.johnbetts-fineminerals.com/museum.htm>

From that page you can search for minerals by species name, click on maps to see minerals by localities, or view minerals grouped by chemistry.

I hope you find this archive useful.

Sincerely,

John Betts, owner
John Betts - Fine Minerals
Mailing address only: 215 West 98 Street
New York City, NY 10025
212-678-1942
